MADERA COUNTY GSA

DRY WELL PROGRAM

MADERA COUNTY GSA DRY WELL PROGRAM

(DOMESTIC WELL MITIGATION PROGRAM)

Once your application is deemed complete, you will be contacted to schedule a time for a well inspection.

***Note, inspections only occur on the 2nd and 4th Wednesdays of the month.**

To ensure the well inspection goes as planned, we need your assistance:

STEP 1: Do **NOT** operate your well for at least 1-hour before your scheduled inspection time. **Operating your well includes the use of water for any purpose including household and outdoor landscape activities.**

STEP 2: Make sure the well head is accessible **before** the well inspector arrives.

STEP 3: During the inspection, please refrain from any activities that require water which may cause the well pump to operate.

As a matter of courtesy, the well inspector will contact you 1-hour before their arrival to remind you of what needs to be done and to confirm the appointment.

DO YOU HAVE QUESTIONS?
